DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-158

26 April 1982

[redacted] STAT
Deputy Director for Administration
National Security Agency
Fort George G. Meade, Maryland 20755

Dear [redacted] STAT

I would like to bring to your attention the commendable and dedicated efforts of [redacted] of your Office of Security in having served STAT
for the past four years as Chairman of this Committee's Security Awareness Working Group. During this period, [redacted] was instrumental in the accomplishment of many, excellent security awareness programs of great value to the Intelligence Community. These include a Security Committee publication setting forth minimum standards for Security Awareness Programs in the Intel- STAT
ligence Community; a catalog of security awareness audio visuals available within the Community (and its regular updating); and the creation of an excellent Executive Briefing, a slide/tape presentation packaged for and provided to all Security Committee member agencies for use in giving senior officials a good understanding of security problems and ways to avoid them.

[redacted] for these past four years, has been the conscience of and the STAT
driving force behind the Security Awareness Working Group. He will be leaving the Chairmanship due to the press of business in his own Division, but his dedication, resourcefulness, and initiative merit special recognition.
[redacted] professionalism and ability are a credit to the National Security STAT
Agency and its Office of Security. He has shouldered much of the burden of the Working Group, and the results of his efforts represent a substantial contribution to the mission of the Security Committee and the enhancement of the Community's security education program.

Please ensure that [redacted] is advised of my sincere appreciation as STAT
well as that of the Security Committee for his efforts in this very important endeavor.

Sincerely,

[redacted] STAT

Chairman
